Applicant		
KINZO B.V.		
This International Search Report has bee according to Article 18. A copy is being tr		Authority and is transmitted to the applicant
This International Search Report consists It is also accompanied by	s of a total of sheets. y a copy of each prior art document cited in t	his report.
Basis of the report		
	international search was carried out on the less otherwise indicated under this item.	basis of the international application in the
the international search v Authority (Rule 23.1(b)).	vas carried out on the basis of a translation	of the international application furnished to this
was carried out on the basis of th	e sequence listing:	e international application, the international search
	onal application in written form.	
	ernational application in computer readable	form.
<u> </u>	this Authority in written form.	
	this Authority in computer readble form.	- de-control to the design of the
	bsequently fumished written sequence listin as filed has been fumished.	g does not go beyond the disclosure in the
the statement that the inf furnished	ormation recorded in computer readable for	m is identical to the written sequence listing has been
. =	ind unsearchable (See Box I).	
3. Unity of invention is lac	king (see Box II).	
4. With regard to the title,		
	ubmitted by the applicant.	
	shed by this Authority to read as follows:	
.,		
5. With regard to the abstract,		
	ubmitted by the applicant.	
	shed, according to Rule 38.2(b), by this Auth e date of mailing of this international search	nority as it appears in Box III. The applicant may, report, submit comments to this Authority.
6. The figure of the drawings to be pub	lished with the abstract is Figure No.	6
X as suggested by the app	licant.	None of the figures.
because the applicant fai	iled to suggest a figure.	
because this figure bette	r characterizes the invention.	

International Application No // NL 03/00860

A. CLASSIFICATION OF SUBJECT IPC 7 E01H11/00

TER E01H1/05

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols) IPC 7 E01H

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EPO-Internal
